PROJECTS

Expense Tracker
The Expanse Tracker website helps people keep track of their spending and savings. Users can easily log their daily expenses, set budgets, and see where their money is going with simple charts and graphs. The website is secure and works well on computers, tablets, and phones, making it easy for anyone to manage their money better and reach their financial goals.

Mehandi Bridal System
Mehandi Bridal System is a comprehensive management solution tailored for beauty parlors, hairstylists, and barbers. It aims to streamline operations, enhance customer experience, and improve overall efficiency in managing appointments, services, staff, and inventory.
